

Online Permitting Login Instructions

- **To increase security there has been a change to the login procedure. If your current login does not work, use the following:**

Username: License type and license number

Password: License type and license number

Example:

Username: MM98123456

Password: MM98123456

If you have multiple license types, log in with the license type that corresponds with the permit you are applying for.

- **If you currently have a pre-paid account and have multiple license types, your account will be associated with the type in the following order:**

EE98

MM98

GB98

MS-14, 12, 6, 3

MM-4, 3, 2, 1

ES-7, 3, 2, 1

ER-1

EL-1

Use this list to find the first license type you have and login with that type followed by your license number, for example EE98123456.

You may submit payment for any permit you are licensed for, but future transactions with pre-paid accounts must be on the license type login for the type of permit you are applying for.
