

Reporting Requirements for Theft, Loss or Confiscation of Cannabis or Cannabis Products

The Cannabis Control Division (CCD) is reminding and requesting all licensees to promptly inform the CCD in writing of any theft of cannabis or cannabis products, loss of cannabis or cannabis products due to unanticipated events (property fires, water damage, contamination, etc.), or confiscation of cannabis or cannabis products by legal authorities.

This notification must be made no later than 24 hours after the licensee becomes aware of the incident/loss. The notification should include the cannabis business name and license number, date, time, and location of the incident, along with a list or manifest detailing what was taken or lost, including wholesale and retail values.

Additionally, if applicable, licensees are required to provide a copy of the police report, video footage, and any other supporting evidence requested by the CCD.

For questions or to submit such a report, please send an e-mail to:
ccd.compliance@rld.nm.gov.

Thank you,
Cannabis Control Division
