Hello!

My name is Drea Bustamante, ND/DOM. I am writing as a supervisor of two CADS practitioners at Kewa Pueblo Health Clinic. I am an advocate for greater access to this effective medicine. I have been contacted by others outside of the Santa Fe area and unfortunately, it is very difficult for me to agree to visit their sites as required due to working fulltime and having two small children. I strongly encourage limiting supervision to 5 years as this will increase access to Acudetox as a practitioner and patient. Access is in the original spirit of this medicine.

Thank you for considering and for your time,

Drea Bustamante (She/Her)
