N.M. Athletic Commission-

I am an 80 year old longtime N.M. activist on MANY concerns. My Youtube channel has many of my weekly TV programs-

I applaud physical fitness + natural health!

I DAMN ALL VIOLENT SPORTS - Bare ~~knuckle~~ knuckle fighting, boxing, MMA, football... The donated brains of 110 out of 111 former N.F.L. players had serious brain disease! I would be ASHAMED as hell to watch + enjoy violent sports!!

How INSANE that newspapers publish photos of men (OR women) bruising + bloodying each other in bare-knuckle fighting but would refuse to publish photos of affectionate, passionate sex - man + woman, woman + woman, man + man. MANY parents are proud of their son's bruising and bloodying of other young men for fame + fortune but would be ASHAMED of their son being in love + making love with men!!

YES to mutual consensual sexual pleasure!
NO to all violent sports!

Is this world the lunatic asylum of the universe???
